

BASIC SHOULDER ARTHROSCOPY CADAVERIC COURSE

Date : 11th May 2024

Venue

RAMAIAH

ADVANCED
LEARNING CENTER

BASIC SHOULDER ARTHROSCOPY CADAVERIC COURSE

The course is intended for Orthopaedic Surgeons who seek to expand their knowledge and their expertise in arthroscopic techniques.

Demonstration and supervision by top orthopedic shoulder surgeons, across India

The course comprises both theory and hands-on wet lab training at Ramaiah Advanced Learning Center, with instruction on how to perform your first steps in shoulder arthroscopy.

During the hands-on wet lab training, each participant will practice on a Cadaver.

3:1 trainee to cadaver specimen ratio.

After completion, participants receive an participation certificate.

Programme Highlights

- Lectures on Basic Shoulder Arthroscopy
- Experienced National Faculty
- Hands on Cadaveric Workshop

Programme Covers

- Shoulder Arthroscopy Basics
- Shoulder Instability
