PROGRAM DETAILS

Time	10-11-2023	11-11-2023
08:00 - 08:30	Registration and Coffee	
08:30 - 08:45	Introduction to facial trauma	• Surgical approaches to fracture maxilla, zygomatic-maxillary fractures, LeFort fractures
09:00 - 09:30	Basic principles of ATLS	• Naso-orbital-ethmoid fracture (NOE), Orbital fractures, Nasal bone fracture, Mandibular body fracture
09:30 - 09:45	Alway Management	• Coffee break
09:45 - 10:00	X-Ray & CT Scan in facial trauma	• Practical exercise on fractures of a complex maxilla fractures using hands on saw skull bone model
11:00 - 11:30	Coffee break	• Case based Discussion / Questions and Answers
11:30 - 12:30	Baszansky, Oculonasal, Mandibulo-orbital fracture (MONO) Instruments & Techniques	• Lunch break
12:30 - 13:30	Practical exercise on various Mandibulo-orbital fracture (MONO)	• Classification of Mandibular Fracture, Anteriorly, Symptomatic & Load bearing fractures
13:30 - 14:30	Technique of hands on saw skull bone model	• Surgical approaches to fracture Mandibular Fracture management of a Mandibular fracture, Histologic classification of fracture mandible
14:30 - 15:00	Practical exercise on various Mandibulo-orbital fracture (MONO)	• Coffee break
15:00 - 15:30	Correction of maxillary approximated fracture using hands on saw skull bone model	• Practical exercise on Mandibular fracture fracture using hands on saw skull bone model
15:30 - 16:00	Correction of maxillary approximated fracture using hands on saw skull bone model	• Case based Discussion / Questions and Answers
16:00 - 16:30	Coffee break	
16:30 - 17:30	Case based Discussion / Questions and Answers	

KEY LEARNING OBJECTIVES OF THIS COURSE

Step by Step conceptual learning of Facial Trauma
From Basic to Advance

LEARNING MATERIAL

Hands on saw skull bone model
